Partnering Ministry

<http://casaaleluya.org/>

Casa Aleluya (a.k.a. Casa Para Niños) is a Christ– centered ministry that includes both a physical home and spiritual covering for abandoned, orphaned and abused children in Guatemala.

Casa Para Ninos Aleluya was started in 1989 by Mike and Dottie Clark with the sole purpose of spreading the good news of Jesus Christ to the suffering children of Guatemala. Our children's home raises around 400 children. Through the housing, feeding and education of the children, we are able to teach them about the unconditional love that many of them did not receive from their home.

It is our belief that these children will become the future leaders of Guatemala and will make significant improvements to the country by applying the Christian principles they are learning in our home.

Q&A

May my family participate if I'm a single parent?

YES! We welcome families of all shapes and sizes. The dorm that our group is housed does segregate girls and boys. Something to keep in mind if you're a mom or dad with opposite sex child.

What does the cost of the trip cover?

Your trip cost includes airfare, transportation in country, meals, and accommodations during the mission part of the trip.

Will we have rest days/ sight-seeing days?

YES! Your family should budget \$150 for hotel cost and keep in mind additional funds needed for meals and activities – this part of the trip will be your financial responsibility.

Can I send my child alone on this trip/ can we take a cousin or neighbor along with us?

Because this trip is focused on family members serving the world together we will not approve children on this trip without their parent's participation. If you would like to make a special request please contact the trip leaders.

What's the weather like?

There have been trips where we all wore shorts; it may rain a good portion of the time so bringing a rain jacket is a good idea. LAYER UP and check the weather the week before you leave.

Do we need special shots or medicine?

No special shots are required. According to the CDC everyone should have their routine vaccines up to date. For a full list of potential vaccines go to <http://wwwnc.cdc.gov/travel/> . It is ultimately up to you, and how closely you would like to follow these guidelines.
