

Hey Fifty6 Family!

Happy Independence Day weekend! Praying that you have a blessed time celebrating the freedom that we have as a nation. We are taking a break from our Joshua series this week and will finish it up next weekend (we know we left you on a cliffhanger!). For our Bible Reading challenge in the month of July we are challenging our Fifty6 students to read the Gospel of Mark spending at least 15 minutes each day soaking up God's Word and spending time with Him.

Now more than ever before, our nation and its people need prayer. We want to encourage our Fifty6 students to be praying! Be praying for health and safety, wisdom for our leaders, unity and love for each other amidst all the tension, and most of all that Christ be proclaimed through all that is going on in our world. What a powerful time for the spread of the Gospel. We urge you to spend time in prayer seeking for how God can use you to love others and further His Kingdom.

We love you all so much and wish more than you can imagine to be able to worship and spend time with you in person. Until then, know that we are praying daily for you and are excited for the day we can see you.

See ya soon!
